Research Interests

Pure Mathematics : My interests lie in probability theory and mathematical statistics, grounded in rigorous real analysis and algebra. I am particularly interested in understanding macroscopic order through limit theorems, random variables, and stochastic mean field approximations.

Applied Mathematics & Data Oriented Research : My interests lie in applied probability and modeling complex systems. I focus on translating theoretical models into data driven analysis and individual based simulations, emphasizing computational experimentation and algorithmic implementation using Python.

Education / Academic Background

Indian Institute of Technology - Madras BS in Data Science and Applications	CGPA – 9.40 2025 – Present
Indian Institute of Science Education and Research - Kolkata BS - MS Dual Degree	CGPA – 8.18 2024 – Present
BASE PU College - Bengaluru Higher Secondary Education (Class XII)	Percentage – 82.5 2022 – 2024
PSBB Learning Leadership Academy - Bengaluru Secondary School Education (Class X)	Percentage – 93.6 2009 – 2024

Skills

Programming :

- Languages : Python (NumPy, SciPy, Matplotlib, Pandas), C++
- Tools : LaTeX, MATLAB

General :

- Rigorous mathematical reasoning and proof-based problem solving
- Quantitative modeling and statistical analysis of complex systems
- Algorithmic thinking and computational experimentation
- Data analysis with emphasis on uncertainty, validation, and inference
- Abstraction, structured reasoning, and independent problem exploration

Achievements

- IISER Aptitude Test - Rank 1670
- Jee Mains 2024 and 2025 - Top 2.5 Percentile
- Qualified for JEE Advanced 2024 and 2025

Languages

- **English** : Writing C2
- **Kannada** : Writing C2
- **Hindi** : Spoken Production C1
